**KD 7th July 2015**

*At the moment I'm going through a time of great change and needed some guidance. Victoria was recommended to me by an old friend who doesn't normally recommend anyone. I was completely astounded by the insight and the accuracy of what Victoria told me, and it was without any doubt the best phone reading I have ever had, actually it was the best reading of any kind i have ever had. She picked up immediately and accurately on my current situation and where it was all leading to and also all the people in and around my life currently as well*

*as past and future. I didn't tell her anything at all at all about me or what my situation is, all she had was my name. Victoria is the most amazingly gifted lady.*

**David 6th July**

**S 1st June 2015**

*Hey Vic just wanted to give you a little catch up on my life, went down to London to watch a football game last month, and guess what... The first place we ended up was Victoria's station :) I instantly knew this was a major sign btw! Anyway ... you who I saw.. you were pretty much right about everything, so crazy honestly. It felt weird thinking 'wow, a year ago I was in bed crying waiting for Victoria's reply' :) lol. Thanks for being there*

**D 17th April 2015**

*Dear Victoria*

*I am writing to tell you that it has been a full year since I had my first reading with you and so far I have enjoyed 3 readings.*

*I am very pleased and feel that you are a very talented lady, you have helped me more than you know to overcome fears and stresses in my life, I wouldn't choose a different method after speaking with you many occasions you have put my mind at rest.*

*You are very honest and tell it how it is. You know things that no one else knows. You have a real gift.*

*You said in my second reading that my soul mate was coming in before I even knew him, you knew things about him, you read for me in June. You said that he was unsettled where he lived and was going to move in with me, that it was all fast but it's right and I wouldn't make mistakes. You said that he was just there!*

*Well I met him in a bar in November and as soon as I saw him I thought I knew him, Things did move quickly and he was very unsettled where he lived, you said he couldn't be with me all of the time and that is true he works away throughout the week.*

*You also said he's using a computer source to connect with me..... Always facetimes me hahaha!*

*You said that things always aren't so easy, no relationship is perfect but that we will work through everything.*

*My latest reading for me was emotional because I have fears and you helped me to be strong and see past my fears, you reassured me and gave me the advice I needed.*

*I am so grateful and I have recommended you to everyone I trust would respect your talent.*

*Lastly, you warned me about a nuisance causing trouble trying to come back and stirring and the very next day this person was trying to stir up trouble! I couldn't believe how right you were on that one and it was so unexpected! You are a very very special lady!*

*I am completely blown away by how amazing you are! I could write so much more but try to keep it short and sweet.*

*I look forward to our next reading!*

*Bestest wishes Victoria!*

*All my love*

*Dear Victoria,*

*I just thought I would let you know that I found out what the Budgy was on our last reading. You were right! It was from my mum's childhood. She had a pet budgy when she lived in Australia for a while as a little girl.*

*Also, the way you described the home of where we picked up our dog was uncanny! Again, you were right as you said not to be put of by the surroundings...turns out it was a Travellers settlement! You also mentioned a puppy with a poorly eye...I saw it there! And you said our dog would run straight up to us. You kept mentioning it was a "he" even though we desperately wanted a girl. Well....HE came running straight up to us first! So, we chose him :)*

*You never fail to amaze me!*

*Hope you are well, lovely Victoria. Sending you lots of love,*

**C 10th March 2015**

*Dear Victoria, Thank you so much for your phone reading today, I always write everything down about our readings and it helps me to reflect and as reminders. You helped a lot as I've been and I am feeling down. Your words always encourage me to keep going with what I'm doing, and if it wasn't for you I would struggle to motivate myself. I am so grateful to have you as my friend and in my life. Once again I honestly feel deeply connected with you and how much you understand me*

**27th February 2015**

*Thank you for today Vic you actually helped me more than you know and taught me a huge huge lesson today! I love your readings because your honest & blunt and you make me learn about myself warts n all!! I can be very ugly at times!! Sorry for being like that .. I'm working on it. I always try to be a better person after speaking to you, you have this crazy positive truth effect on me (I'm sure all the others you read for will agree on this), your strong but never make us feel beaten down, your gentle but not a pushover, you're a friend but have boundaries, you're a 100% professional true real no bullshit genuine real authentic once in a lifetime psychic... I adore all of these qualities about you!*

*I ask you questions, you never judge me. You are patient, you always go over time .. You*

*never charge extra. You just give & give .. & give! Today was personally, very different for me, after my accurate reading (as per) I put the phone down and thought to myself (cringing inside to be honest) the questions I was asking you were actually unethical & I felt really embarrassed inside (sorry) .. You never judged me and you explained things to me in a way that made me really understand. That is a skill in itself! I questioned me as a person today and the way I've done & do things .. It's enlightening! And yet you were just doing what you do .. it's so grounding! I have come away feeling like I really really want to really be a good honest person. And try every day to be that person. I'm Far from it right now. I want to change. I would never have seen this.. It's taken me time but I've come along way, you have given me my life back, & after years I actually laughed out loud today. You are clever educational divine and ethical I'm so privileged & proud to have you as an angel rock and friend. You are an insight of heaven on earth!*

*For those of you who have never had a reading before.. Get ready to be gobsmacked people!!.. You will be!! For those of you who know how Vic works .. We're very lucky, she's very special isn't she :)*

*Thank you Vic & Michael .. More than you know. I wish you all the happiness you give out, and send out, to all those you connect with, back to you beyond eternity & threefold .. Even that I feel does not justify the worth's of you both :) You're priceless XX*

**SP 24th February 2015**

*Hi. Victoria, I feel compelled to write to you and hope you don't mind. Firstly, I cannot believe how accurate your reading was on most of what you said and my head is still buzzing from the experience. You mentioned about a black and white dog which I was not aware of or had forgotten but have just found out there was a black and white dog called Rover. I can go on and on about all of the things you said that were true which have left me totally amazed.*

**GT 18th February 2015**

*Hi Victoria. I had several readings with you last year, I'd just like to thank you for the readings you gave me because you were spot on with what you told me, even to what was viewed on the computer! You told me he would return before 1st Jan and he did! On numerous occasions you went over time and I can see that what you do is not about the money, it's about helping people and putting their minds at rest. I had the worst 2014, but you helped me and I could see there was light at the end of the tunnel. You are absolutely amazing at what you do and I will not hesitate to contact you again should I need some help and guidance.*

**L 28th January 2015**

*I want to thank you from the bottom of my heart for your readings, so far I have been back for phone readings twice now and find you to be mind boggling. There has been so much information that I have collected pages of notes. You have confirmed the biggest belief in me that there is more to life than meets the eye, every word you said was complete truth and I cannot believe you knew all that you did without a single prompt from me. You are so very accurate and I have to tell you that you were right, you saw perfectly the sex of my baby before I did including his dark hair, what really shocked me though was you did hear clearly a woman offering the name Luke for my child, it was in fact my own Mother, and happened just last weekend. Your very special Victoria, and people need to know about you which is why I am telling everybody to book with you to experience your wonderful gift too.*

**Much love ,Angie 15th January 2015**
