

2016 Testimonials

Dear Victoria

Thank you so much for the detailed email reading which you sent to me on Monday. I was so very touched and heartened to receive it, firstly because I can see how much time you have taken to prepare it and how detailed and intensive it is and secondly because you have described so exactly my current situation and how I am feeling right now. There is much to digest within it and so far I keep reading it and then putting it down, coming back to read it again and again. It is amazing how many little twists and turns are already happening. I do feel a deep change occurring even now, a strength and a resolve that was lacking before. A feeling of contentment within which I didn't have before. I will come back to you again at some point in the future but for now I wish to thank you from the bottom of my heart for your kind words and guidance. With much love and affection

I have been left utterly shocked as each and every thing that you have ever seen for me come to life exactly how you told me it would. I will never stop being amazed by you, it's so good to know you are there by my side.

I will never forget my first reading with Victoria, her compassion when talking to me and the accuracy and matter of fact way she told me what she saw blew me away. That was 3 1/2 years ago and now many years and readings later her predictions are still unfolding. She is an outcome reader and the way she describes what she sees made it seem very real and right from the first reading she has never wavered, She has always said timelines are difficult as we all have free will but when you give it time you watch her predictions unfold and that is exactly what is happening

I have plagued her, especially when she had the text messaging service, but Victoria has never wavered and continues to be a very special gracious lady with a very unique and genuine gift

Thank you again Vic, can't see a time when I won't want to share each and every thing you have foreseen

Holy heavens Victoria!

You guys should publish books, I mean this stuff is pure gold! (yes I'll need to read it a few times for it to sink in totally) but wow! At least on much of it, like law of attraction etc, I have understanding on all that, so am halfway there...

Thank you SO much, I can imagine how much this must have taken out of you to put it down like this, and thanks to your guide also (why do you say 'sorry' for him laughing? haha!)

But thank you so much, as said, pure gold, very delighted, so thank you both!

I feel blessed to have met such a talented reader and I am not sure you realise how much inspiration you give to your clients.

Dear Victoria

How are you? I hope you are well.

Firstly, can I apologise for the delay in sending this email to you. I have been giving much thought to how/what words I can use to express my gratitude for the reading you gave me yesterday.

Secondly may I whole heartedly thank you for my reading yesterday, I was completely mesmerised by it. More so you connecting with my mother and relaying my mother's wishes that was by far the most priceless gift one could ever give to me. My first reading will always remain very close to my heart.

As stated no words can express fully what you and your Guide did for me yesterday but can only emphasise my appreciation. I will be in touch soon no doubt for another reading.

Again thank you greatly. God bless you always.

With love

Thanks and wish you tenfold abundance for the gifts you bring! Cheers
